

Speed Up Your Trademark: Fast-Track Filing in Singapore

Unlock the Fast Lane for Trademarks with IPOS's New Acceleration Programs

Introducing SG Trade Marks Fast:

Secure your brand identity quicker than ever before:

- Receive your **first examination report (or notice of publication) within a remarkable three (3) to six (6) weeks** from the date of application.
- No requirement for:
 - Related patent application.
 - Full adoption of pre-approved descriptions from IPOS's Classification Database

This streamlined approach benefits enterprises and innovators seeking swift trademark protection.

Acceleration Fees:

	For classes that <u>fully adopt pre-approved</u> descriptions of goods and services from IPOS' Classification Database	For classes that <u>partially or do not adopt pre-approved</u> descriptions of goods and services from IPOS' Classification Database
Request for acceleration	HKD 2,200 per class	HKD 2,250 per class

Key Benefits of SG Trade Marks Fast:

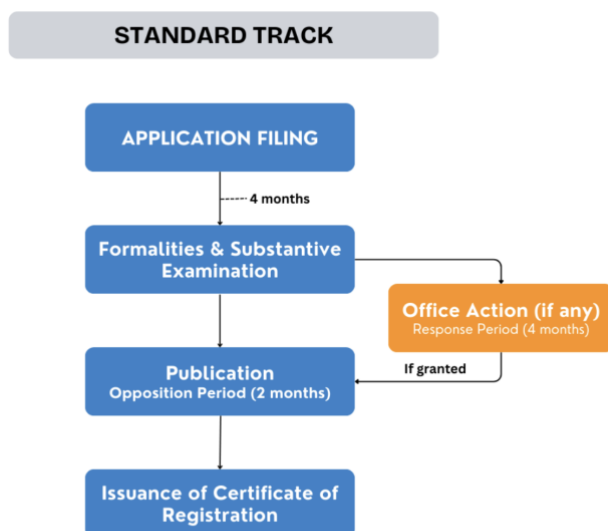

- **Ultra-Fast Examination:** Get initial feedback on your trademark application in record time.
- **Simplified Requirements:** No need for a related patent or full adoption of pre-approved descriptions.
- **Faster Market Entry:** Launch your brand with confidence knowing your trademark is on the fast track to registration.
- **Applies to All Classes:** Acceleration applies to all classes within a multi-class application.
